

Printing Operatives

We have several opportunities for reliable and hardworking Printing Operatives to join us at our Anstey Wallpaper Company; the home of beautiful, quality wallcoverings (part of the iconic Sanderson Design Group PLC), to work on a number of Wallpaper printing machines in an environment adopting LEAN methodology as well as aiming to become completely sustainable by 2030.

With a proud history stretching back more than 100 years, Anstey Wallpaper Company has achieved an enviable reputation as one of the most versatile, professional, and capable wallcovering printers in the world.

We cover the full spectrum of printing technologies, old and new alike with machines including Surface & Surfex, Flexographic, Gravure, Rotary/Gravure Hybrid, Rotary Screen, Digital, Flat Screen, a Scattering Line, Converting machinery as well as Hand Block Printing.

Responsibilities

- Running and/or supporting the Printing Operative to ensure optimum running of machines to deliver a quality product
- Ensuring all Health & Safety processes are always adhered to as well as identifying opportunities to improve Health & Safety to maintain a safe working environment
- Reporting any damaged, broken, or unsafe equipment to supervisors and/or Product Manager
- Ensuring all equipment is used and stored in a responsible and safe way
- Taking accountability for quality of products produced as well as supporting the business to monitor, measure and improved quality
- Working in conjunction with the technical department to achieve optimum trial results
- Accurately recording data
- Running jobs by ensuring they are set up and ran in the most efficient way
- Minimizing the waste (inks, bases) using process controls and set up reels
- Cleaning of the ancillary equipment as and when required
- Communicating at shift-change over as well as ensuring maintenance schedules are always followed

Skills & Experience

- Basic numeracy and literacy skills
- Able to work as part of a team and willing to help in other areas if required
- Motivated to work without supervision
- Excellent problem solver with a flexible approach
- Understanding of manufacturing process and a production environment
- Strive to improve and embrace change

- High attention to detail
- An understanding of Lean manufacturing preferred but not essential

Qualifications

- IOSH working safely
- BIT level 2
- Some roles will require you to undertake QC Colour tests

The following roles are available on various shift patterns:

- Surface Printers / Supporters (permanent)
- Water Based Ink Mixers (permanent)
- Digital Finishing Operators (permanent)
