- Develop effective reliability processes
- Check functionality of safety systems (fire alarms, emergency lights, sprinkler system, system boiler, etc.)
- Carry out building maintenance work e.g., changing lights bulbs / tubes, replacing light fitting, repairing damage to the building
- Look after effluent system for water based inks and empty filter press
- Carry out PPM on plant & machinery; either reporting or repairing any issues discovered during the PPM
- Repair plant & machinery breakdowns, both electrical & mechanical
- Carry out electrical installation work (new distribution boards, power supplies and lighting)
- Report any issues to the Maintenance Manager or Supervisor

### **Experience & Skills**

- Apprenticeship NVQ 3 and/or equivalent
- Health & Safety awareness qualification/s (preferred)
- Competent IT and Microsoft user
- Multi skilled electrical and mechanical Engineer with proven experience in a production environment
- Good understanding of hydraulic and pneumatic systems
- Experience of planned preventative maintenance
- Experienced in fault finding
- Good general workshop skills
- Good understanding of Health & Safety within a production environment
- Understand continuous improvement
- Exposure to lean methodology (TPM, 5'S & Standardisation)
- Boom/scissor lift licence \* FLT Licence (desirable)
- Basic MMA/MIG Welding and Fabrication Skills (desirable)
- Basic Machining Skills Manual Lathe / Milling machine (desirable)
- Self-motivated, punctual and reliable

- Good communication skills (written & verbal) with the ability to communicate technical knowledge in a clear and understandable manner
- Ability to read, understand and follow, risk assessments, method statements & standard operating procedures
- Confident in their own technical ability both electrically & mechanically
- Ability to read & work from electrical drawings & technical manuals
- Qualified to carry out electrical work

## **About us**

Sanderson Design Group is an international luxury interior furnishings company that designs, manufactures and markets wallpapers and fabrics together with a wide range of ancillary interior products.

In 2020, we brought our portfolio of brands home to Sanderson Design Group, evoking the combined longevity and prodigious creative history of our brands. Sanderson Design Group describes the ebullience of our past endeavours. It sketches the outline of our future. A collective of 7 quintessentially British luxury interior brands and 2 manufacturing brands, at Sanderson Design Group we are Sanderson, Archive, Morris & Co., Zoffany, Harlequin, Clarke & Clarke, Scion, Anstey Wallpaper Company and Standfast & Barracks.

Our purpose is "To bring the Beautiful into People's Homes and Lives". This has defined and shaped our brands since our very earliest days. The oldest brand in our arsenal, from where we derive the namesake of our group, begun life in 1860, as an importer of fine French wallpapers to London. Arthur Sanderson & Sons Ltd played a pivotal role in defining English interior decoration tastes and its early success led to displaying designs at London's finest showroom, at Berners Street. Around this time in 1924, Arthur Sanderson & Sons Ltd were awarded The Royal Warrant, becoming "purveyors of wallpaper and paint" to the court of George V.

We recognise that each one of our brands contributes a unique chapter to our story. It is why we represent the full spectrum of British interior design, catering from cutting-edge sleek modern styles, to the hearty warmth of traditional forms. Our decision to rebrand as Sanderson Design Group in 2020 is our way of paying homage to our rich history, as well as marking our path towards a new future. As custodians of over 160 years of design experience, we are proud to Bring the Beautiful into People's Homes and Lives. We are Sanderson Design Group.
